# Information for Bell Telephone Patrons

The Use of the Company's Lines is limited to communications between parties, both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Exchange Calls originating at public pay stations or telephones where it is necessary to deposit a nickel for each conversation are limited to five minutes duration and a charge of five cents will be made for each period of five minutes.

Subscribers to Party Lines are limited to five minutes use of the line at one time.

The Chief Operator will Furnish on request, new call numbers of subscribers not listed, and who have had service installed or of numbers which have been changed after this Directory was printed.

It is Impractical for Operators to give attention to reports of service difficulties, therefore subscribers are requested to report any irregularities in their service promptly to the Chief Operator.

Ten Days' Notice for Changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm name or business for correction in the following issue of Directory.

Service Charges are due and payable at the Company's office within the discount period shown on each bill. Accounts unpaid after the expiration of the discount period are overdue and service is subject to suspension.

Schedules of Rates Effective at each exchange are on file at the Manager's office and can be examined by applying there.

A Copy of this Directory is delivered free to every subscriber for use until the next issue, but the book remains the property of the Company. It is imperative that the current issue be always used to obtain correct call numbers.

This Company Assumes no Liability for damages arising from names left out of this Directory or from errors occurring in its compilation or printing.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our Subscribers desiring them, on payment of the charges made by the issuing company. Prices and other information may be secured by calling the Manager's Office.

The Fire Department and the Police Department are always available by telephone. Tell your story briefly, calmly and distinctly, giving your street address, and answer promptly any question asked by the Department called.

Patrons are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of the Company, duly authorized to install, repair or remove telephones, or collect for service, are provided with credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone service. It cannot permit the use of any equipment or other apparatus in connection with that furnished by it. Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.

This Company Connects with the American Telephone & Telegraph Company, furnishing service to all of the important cities in the country.

Telegrams May Be Sent over the wires of this Company, to or from Telegraph offices. The Telephone Company does not assume responsibility for the correct transmission of the messages.

Supervision by Private Branch Exchange Operators—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Requests for Charges—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above concerning long distance service, call "Long Distance Information Operator."

The Company Cordially Invites all users of the telephone to call at any Exchange for an inspection of the operating room and other interesting details of the business. The unique features of a Telephone Exchange are but little understood by the public at large, and observations by the subscribers often lead to suggestions, tending to the best results in the service.

## Do You Answer Your Telephone Calls Correctly?

When your telephone rings and you pick up your receiver, do you say *"Hello"*? This practice is often wasteful of time. The following examples suggest better ways to answer telephone calls:

*"Smith & Company, Brown talking"*

*"Dr. Jones' Office, Miss Mann talking"*

*"Charles' residence, Alice Charles talking"*

### “Long Distance”

**W**HEN you are away from home and a hard day's work is over, there is satisfaction in knowing that within arm's reach is a means for you to talk to the loved ones back home. They'll be happy to hear your voice.—“Long Distance” will be glad to serve you.

If you wish to be told the charge on a Long Distance Call, you will save time if you notify the Long Distance operator when you place the call. When your conversation is completed and your receiver is hung up, the operator will call you and inform you of the charge.
